RONE SPANISH BREAKFAST

TEXT: GARETH OWEN

LABEL: INFINÉ

RATING:

French producer Erwan Castax, is comparatively young but gives the impression that he's been crafting electronica forever. Daffily skipping between abstract worlds of melody and beats for the feet, it sometimes seems Castax is reigning in his creativity for the benefit of a more conventional electronic song structure. But with a debut album as polished as this, only someone with a heart of stone could pick faults.
